

Stroke is all about time.

And time lost is brain lost.
Know the warning signs.

May is National Stroke Awareness Month, and Dr. P. Phillips Hospital is inviting you to a free community health event. Meet celebrity guest speaker Mark McEwen and our medical specialists to learn about the warning signs of stroke, along with breakthroughs in diagnosis and rehabilitation. This first-ever event will provide you with the knowledge to potentially save a life one day.

SATURDAY, MAY 15, 2010 – 9:00 am to 1:00 pm

9:30 am – Celebrity Guest Speaker, Mark McEwen

A real life survival story presented by journalist, author and former CBS news anchor Mark McEwen. Mark will present his harrowing journey of rehabilitation from a massive stroke. Join him as he shares his life-affirming journey of recovery and his ultimate message of hope for stroke victims and their families.

11:30 am – Board Certified Neurological Surgeon, Nizam Razack, M.D., F.A.C.S

Stroke is a medical emergency, and every minute counts when someone is having a stroke. Join Dr. Nizam Razack as he explains how to recognize the symptoms of stroke, diagnosis and how to improve the chances for a successful recovery.

12:30 pm – Medical Director for Orlando Health Rehabilitation Institute, David Portée, M.D.

"Stroke Recovery—from Cope to Hope." Join Dr. David Portée from the Brain Injury Rehabilitation Center (BIRC) as he presents successful techniques and stories of recovering stroke victims.

Register now! Limited seating space available. **Call 321.8HEALTH (321.843.2584).**
