

Code of Conduct

ORLANDO
HEALTH®

Message from CEO

Dear Orlando Health Team,

As one of the Southeast's premier healthcare systems, Orlando Health is dedicated to preserving our reputation as a trusted leader that acts with integrity and upholds ethical standards. We believe in treating each other and the patients and families we serve with dignity and respect.

In an effort to adhere to all laws, government regulations, third-party payor agreements, and our own policies and procedures, we maintain a Compliance & Ethics Program.

Our Code of Conduct is an essential component of our Compliance & Ethics Program. It provides us with the opportunity to keep compliance and ethics front and center. Our Code of Conduct supports our mission by reaffirming the values and professional standards that exist among the Orlando Health Family ... quality, honesty and integrity.

The Code of Conduct is a guide to help each of us do things the right way. Please take time to read and familiarize yourself with these responsibilities. If you ever have a question or concern that is unclear or not covered within the Code of Conduct, be sure to ask your manager or contact Compliance & Ethics.

Thank you for your continued dedication to Orlando Health.

Warm regards,

David Strong

Our Code of Conduct and our corporate policies tell us about what we must do (compliance) and what we should do (ethics).

Our values set us apart, and we each must do our part to achieve and sustain these standards. While the Code of Conduct is designed to provide overall guidance, it does not address every situation. It will help guide us in making decisions that conform to the ethical and legal standards expected of us all. More specific guidance is provided in Orlando Health's policies and procedures.

This Code of Conduct is a critical part of our Compliance & Ethics Program and the standards herein apply to us all.

WE PLEDGE TO:

- **Read the Code of Conduct and seek to understand how it applies to us**
- **Refer to the Code of Conduct and Orlando Health policies in all situations**
- **Ask questions and report issues**
- **Complete required annual training**
- **Attest our commitment to the Code of Conduct**

The Code of Conduct is not an employment contract, nor is it intended to provide any expressed or implied rights of continued employment. Conduct contrary to the Code of Conduct will result in an investigation and possible disciplinary action, up to and including discharge.

OUR MISSION

To improve the health and quality of life of the individuals and communities we serve.

OUR VISION

A trusted leader inspiring hope through the advancement of health.

OUR VALUES

People

We are committed to excellence in serving and supporting our patients, our physicians, our guests and fellow team members.

We not only care for people, we care about them.

We will do everything in our power to ensure that all people are treated with respect, dignity, kindness and compassion.

We will listen intently to our customers and each other with open minds and with open hearts.

We will make a positive difference in the lives of the people we serve.

Quality

We will never compromise on quality.

Our team will provide the highest quality of care and service in everything we do.

We will take responsibility for conserving time, money and resources.

We will be creative and versatile as a team in our solutions.

Community

We are proud to serve the people of this community.

We will never lose sight of the fact that we are a community-owned organization.

We will demonstrate, in our words and actions, the highest level of commitment to each community we serve.

What is the Orlando Health Way?

Simply said, it is everything we do and how we do it.

To understand what makes Orlando Health so unique, we conducted research with hundreds of patients and team members. We heard from the research that what sets us apart is that we not only care for our patients, but we also care about them.

Caring for them speaks to our ability to deliver the clinical care they need. We deliver on our competence to get them well with the best science, technology, teamwork and processes. To care about them speaks about our intent – do they believe we have their best interest in mind? Do we treat them as humans, and do we present ourselves as humans? Patients tell us they feel that way when we do three things:

Assure

- ▶ Remove fear by giving our customers confidence that “we’ve got it” and courage to depend on us for their care.
- ▶ Create a safe place to share feelings without fear of judgement.
- ▶ #iremovefear.

Engage

- ▶ Build lifelong relationships based on personal trust that extends along the full continuum of care.
- ▶ Listen intently and think about how you might feel if you were in their situation. Don’t persuade, defend or interrupt. Be curious, be conversational, be real.
- ▶ #ibuildrelationships.

Unite

- ▶ Act as one team aligned to the shared purpose of caring for and about every person we encounter.
- ▶ Celebrate the values we have in common and the shared purpose that unites us as one team.
- ▶ #oneteam.

The Orlando Health Way is who we already are at our best. You are the Orlando Health Way!

We Care For and About Our Patients

Treating Patients with Compassion and Dignity

As a not-for-profit organization, Orlando Health is committed to excellence in serving and supporting our patients, their family and guests. We will do everything in our power to ensure that all people are treated with respect, dignity, kindness and compassion.

- We listen intently to our patients and each other with open minds and open hearts.
- We help our patients understand and exercise their rights, such as the right to privacy; to be free from discrimination; to make informed healthcare decisions and advance directives.
- We inform our patients and, when permission is given, their families and others about care, treatment and service options.
- We help our patients understand financial assistance available to them.

Providing Quality Healthcare Services

We will never compromise on quality. Our team will provide the highest quality of care and service in everything we do.

At Orlando Health, we believe that quality and safety go hand in hand. We are dedicated to providing a healing environment that embraces quality care, promotes health and safety, and delivers the best possible patient experience. We take our commitment to patient safety seriously by following proven best practices and processes that decrease harm to both our patients and our team members.

Orlando Health is repeatedly recognized for excellence in quality and safety, demonstrating our commitment to the highest level of care and service. We do this by comparing our service quality against national standards to identify ways to continually improve the quality of care we provide. We will continue to be creative and versatile as a team in our solutions.

**We are
dedicated to
providing the
highest quality
of care to
everyone in our
community.**

We Value Ethical Business Practices

Fraud, Waste and Abuse

Orlando Health has adopted policies and procedures to prevent, detect, deter and correct fraud, waste and abuse in accordance with federal and state laws. Various federal and state laws, such as the Federal False Claims Act and the Florida False Claims Act, prohibit false claims and other fraudulent activity. Violations of these laws can result in civil actions and penalties. Other laws and regulations governing the integrity of the Medicare and Medicaid programs are in place to reduce fraud, waste and abuse. Our policies are available through SWIFT, the Orlando Health intranet.

If we know or suspect activity of this nature, we report it immediately using the *Three-Step Communication Process*. If we are uncertain whether an activity is fraudulent, we contact Compliance & Ethics for guidance.

Individuals who lawfully report false claims or other fraudulent conduct, or who otherwise assist in an investigation, action or testimony, are protected from retaliation under federal and state laws and corporate policy. We do not discriminate or retaliate against any whistleblower who files, in good faith, a civil action for false claims or participates in an Orlando Health investigation.

We do not:

- Forge patient billing-related items
- Bill for services or supplies that are not rendered medically necessary, nor documented
- Misrepresent a diagnosis or procedure code in order to obtain a higher payment
- Alter or forge checks
- Mishandle or improperly report financial transactions
- Falsify or alter any record or report, such as an employment application, payroll or time record, expense account, cost report, patient medical record, scientific research or data collection record
- Destroy any information considered part of the patient medical record

The Federal False Claims Act makes it a crime for any person or organization to knowingly make or file a false claim for payment from the federal government.

We accurately and legally code and bill the government, third party payors and patients.

We are committed to full compliance with federal healthcare program requirements, including preparing and submitting accurate claims consistent with such requirements. Our processes assist us with monitoring and verifying that claims are coded and submitted accurately and appropriately. Strict federal and state laws and regulations govern third-party billing of our insured patients.

Internal Investigations and Requests for Information

We promptly and thoroughly investigate all reports of illegal activity or violations of our Code of Conduct and corporate policy. We cooperate fully with these investigations. We do not act in any way to prevent, hinder or delay the discovery and full investigation of these matters.

Criminal Conduct

Orlando Health does not tolerate or condone criminal activity. If we suspect possible criminal activity, we report it immediately using the *Three-Step Communication Process*.

We report instances of criminal or illegal activity that present an immediate risk to the safety of any person to Orlando Health Security or the local police.

We understand that any team member found to be involved in criminal conduct will be disciplined in accordance with corporate policy. Disciplinary action will be appropriate for the offense committed, up to and including termination.

While fully cooperating with all investigations, we still protect the legal rights of Orlando Health and our team members.

Screening of Covered Persons

We do not knowingly contract with, employ or bill for services rendered by an individual or entity that is excluded or ineligible to participate in federal healthcare programs, suspended or debarred from federal government contracts, or has been convicted of a criminal offense related to the provision of healthcare items or services.

On a prescribed schedule, Orlando Health confirms that all covered persons performing functions or services on Orlando Health's behalf are screened against the government's exclusion lists to ensure that we are not employing or conducting business with excluded persons or entities.

Q: Who is included in the definition of "covered person?"

A: Covered persons include, but are not limited to, employees of Orlando Health, board or committee members, medical staff members, providers, volunteers, students, vendors, independent contractors and individuals doing business on behalf of the organization.

Financial Relationships

We carefully review financial relationships for compliance with the Anti-Kickback Statute and Stark Law.

We must not attempt to gain any advantage or encourage favors with improper payments, business courtesies or other inducements. We do not offer any improper inducements or favors to patients, providers or others to encourage the referral of patients to our facilities or to use a particular product or service. We will not solicit gifts or favors in exchange for influence or assistance in a transaction when conducting business with an individual or entity, including vendors.

Business arrangements with physicians must be pursuant to signed, written contracts and appropriately structured to comply with legal requirements. All transactions with physicians require review and approval by the appropriate Orlando Health leaders, which may include leaders from operations, Strategic Communications, Provider Compensation and Contracting, Legal Affairs and, in some arrangements, Compliance & Ethics in accordance with the Orlando Health physician transaction policies.

All Orlando Health team members who interact with physicians, particularly those in a position to approve financial arrangements with physicians or process payments to physicians, must be aware of the legal requirements and Orlando Health policies that address relationships between Orlando Health entities and physicians.

Business Inducements

A business inducement is an economic advantage or benefit given to an individual or entity based on their position or relationship to Orlando Health. To prevent engaging in business inducements, our policies include the following:

- We do not accept payment for referrals that Orlando Health makes.
- We do not provide “professional courtesy” discounts to members of the medical staff or their families.
- We do not allow hospital charges owed by an affiliated physician to be waived, in whole or in part.

“I can't find a policy to address an issue that recently came up in my unit. Where else can I look for answers?”

“I found a policy related to my question, but I'm not sure if it agrees with the Code of Conduct. Which one should I follow?”

Competitors and Vendors

Team members will not be employed by, act as a consultant to, or have an independent business relationship with any of Orlando Health's vendors or third-party payors unless prior approval is obtained from the chief compliance & ethics officer and the Executive Cabinet. Further, management and executive team members will not be employed by, act as a consultant to, or have an independent business relationship with any entity that provides goods or services that are substantially similar to those that Orlando Health provides or is considering making available.

Team members will not invest in a vendor, payor, provider, supplier or competitor above the limits established in corporate policy unless we first obtain written permission from the Executive Cabinet through the chief compliance & ethics officer.

Contracting and Business Relations

- All contract negotiations, contracts and business relations must be consistent with laws, regulations and policies.
- Contracts must be in writing and signed by the chief supply chain officer, or the responsible vice president or president.
- Contracts identified with potential conflicts of interest are reviewed by the chief compliance & ethics officer.
- Information about Orlando Health business activities, including strategy, prices, costs, finances and similar matters, is private and confidential.
- Orlando Health does not enter into any agreement that is a refusal to deal with another organization or could impair the business of Orlando Health or the other organization.

Vendor and Product Selection

We:

- Select vendors using objective measures
- Afford all vendors who meet these standards equal opportunity to present their products and services
- Do not give or receive any form of payment, kickback or bribe to induce the referral or the purchase of any product or service
- Select the product or service that best meets the needs of our patients and Orlando Health

Gifts and Business Courtesies

All gifts or business courtesies (including business meals and entertainment) offered, received or exchanged with non-Orlando Health entities and persons must meet the requirements as established in corporate policy. If we are unclear whether a specific offer or exchange is prohibited by policy, we contact management and Compliance & Ethics for further guidance.

IMPORTANT 

We do not accept gifts or business courtesies at any time during active negotiations or throughout the Request for Information/Request for Proposal process with a potential vendor.

We do not:

- Solicit gifts
- Allow gifts to improperly influence relationships, business outcomes or decision-making, or promote the appearance thereof
- Use gifts for the purpose of inducing, securing, or rewarding the referral of a patient or the ordering of a service or supply
- Give or receive gifts from patients, families or representatives
- Give or accept cash or any cash equivalents (e.g., checks, gift cards, gift certificates, vouchers, loans, stock investments) to or from any patient or non-Orlando Health person or entity
- Allow vendors to pay for travel or lodging expenses

Q: My patient’s father gave me a \$25 gift card. Can I keep it?

A: No. Orlando Health policy prohibits team members from accepting cash and cash equivalents. One reason for this policy is to ensure that all patients are given the same level of care.

Q: My department would like to host a holiday party. Is it acceptable?

A: Yes. Team members can pay for the costs of social events as long as the team members are not acting on behalf of Orlando Health. The cost of these private social events cannot be a business expense for tax purposes, and team members will not charge Orlando Health or otherwise receive reimbursement from Orlando Health to cover this expense.

Workshops, Seminars and Training Sessions

We are required to obtain management approval before accepting a vendor’s offer to conduct or fund training sessions or product knowledge classes. If invited to attend a conference, seminar, workshop or other similar function sponsored by a third-party, we must first seek management approval. Management then consults the vice president responsible for the area when determining whether to accept such an offer.

Generally, if approved, vendors are only allowed to pay for the registration fees.

Q: A medical device company invited me to speak at a national conference about a product that Orlando Health is using. The vendor offered to pay the cost of the conference, travel and lodging for three days. Is this acceptable?

A: No. Orlando Health policy sets the guidelines for our team member’s involvement.

- The team member cannot accept payment from the vendor for their plane ticket to the conference.
- The team member cannot accept payment from the vendor for the cost of the hotel.

Conflict of Interest

Our corporate policy sets forth standards of conduct expected by Orlando Health with regard to conflicts of interest. We act in the best interest of Orlando Health and carry out our duties with total objectivity.

In our dealings with and on behalf of the organization, we hold ourselves to a strict rule of honest and fair dealing, and conduct ourselves in accordance with laws, regulations, policies and employment agreements.

We do not use our positions, or knowledge gained as a result, in any manner that creates a conflict between the interest of Orlando Health and ourselves.

Here are some examples of potential conflicts of interest:

- Direct reporting relationship between family members
- Using Orlando Health property, information or resources for non-Orlando Health purposes
- Holding outside jobs or positions that distract from our work at Orlando Health
- Making business decisions that could benefit family or friends
- Having a financial or ownership interest in an entity that competes with Orlando Health
- Having financial relationships that could appear to influence the independence of patient care decisions
- Issuing testimonials, endorsing or promoting a vendor, payor, provider, product or service

A conflict of interest refers to a situation in which financial or other personal considerations may compromise, or have the appearance of compromising, an individual's ability to make objective decisions in the course of the individual's job responsibilities.

Q: What should I do if I see a potential conflict of interest or have a question about conflicts of interest?

A: Speak with your manager or immediate supervisor, or reach out to Compliance & Ethics for guidance.
